

Program of the 19th Symposium of Research Committee on Fungicide Resistance

Date and Time: March 29, 2009, 9:00-16:00

Place : Yamagata University Kojirakawa Campus, 1-4-12 Kojirakawa-cho, Yamagata-shi, Yamagata 990-8560,
Japan tel.+81-23-628-4006 <http://www.yamagata-u.ac.jp/index.html>

Registration fee: 3,000 yen (Students or Abstract book only, 2,000 yen)

Registration: Accept on Symposium site

Program

- 9:00 Opening
- 9:05 - 9:40 Occurrence of Fungicide-resistant Pathogens and Rice Diseases in Yamagata Prefecture
Tsuyoshi Hayasaka (Yamagata Prefecture Government)
- 9:40 - 10:30 Population Dynamics and Control Measures Based on an Epidemiological Framework in Fungicide-resistant Pathogens
Seiju Suzuki (The Graduate University for Advanced Studies/ Kyushu University)
- 10:30 - 11:20 Optimum Application of Acaricides against the European Red Mite, *Panonychus ulmi* and the Two-spotted Spider Mite, *Tetranychus urticae*, in Iwate Prefecture
Toshio Suzuki (Iwate Agricultural Research Center)
- 11:20 - 12:00 Development and Resistance Risk Management of New Fungicide Pyribencarb
Makiichi Takagaki (Kumiai Chemical Industry)
- 12:00 - 13:00 Lunch
- 13:00 - 13:20 Reduced Sensitivity of Tomato Leaf Mold Fungus (*Passalora fulva*) to Azoxystrobin in Gifu Prefecture
Hideki Watanabe (Gifu Prefectural Agricultural Technology Center)
- 13:20 - 14:00 Occurrence of QoI Resistance in *Pseudocercospora vitis*, Causal Fungus of Grapevine Leaf Blight
- (13:20 - 13:40) 1. in Okayama Prefecture
Koji Inoue (Okayama Prefectural General Agriculture Center)
- (13:40 - 14:00) 2. in Fukuoka Prefecture
Kenji Kikuhara (Fukuoka Agricultural Research Center)
- 14:00 - 14:40 Current Status and Prospects of QoI Resistance
Hideo Ishii (National Institute for Agro-Environmental Sciences)
- 14:40 - 14:55 Break
- 14:55 - 16:00 **Panel Discussion**
Theme: QoI Resistance; Factor of Occurrence, Countermeasures, and Management
- 16:00 Closing
