The **International Committee for Plant Virus Epidemiology (ICPVE)** is a subject committee of the **International Society for Plant Pathology (ISPP)**. The ISPP was founded in 1968 in the United Kingdom, for worldwide development of plant pathology. The ISPP sponsors International Congress of Plant Pathology, and International Meetings of its Subject Committees. To date the ICPVE has conducted eleven international symposia in different parts of the world. **This 12th IPVE Symposium planned in Arusha, Tanzania, is the first to be held in the African continent.** Previous IPVE symposia were held in:

1. **UK**, Oxford, 1981
2. **Australia**, Corowa, 1983
3. **USA**, Orlando, 1986
4. **France**, Montpellier, 1989
5. **Italy**, Valenzano (Bari), 1992
6. **Israel**, Maale Ha'Chamisha (Jerusalem), 1995
7. **Spain**, Aguadulce (Almeria), 1999
8. **Germany**, Ascherleben, 2002
9. **Peru**, (CIP) Lima, 2005
10. **India**, (ICRISAT) Hyderabad, 2007
11. **USA**, (Cornell University), Ithaca, 2010
12. **Tanzania** (IITA), Arusha, 2012*

Venue

The symposium will take place at **The Ngurdoto Mountain Lodge, Arusha**, where all the participants will reside. The venue, located between Mount Kilimanjaro and Mount Meru, is approximately 20 minutes by road from Kilimanjaro International Airport. Arusha is known as tourist capital of Tanzania.

Participants should plan to arrive at Kilimanjaro Airport (airport code: JRO) in Tanzania, on Sunday, January 27, 2013. Transportation to symposium venue (arrivals January 27, 2013 only) and airport (departures February 1 and 2, 2013 only) will be provided and is included in the registration fee. Symposium concludes post-lunch on Feb-1, 2013.

The 12th IPVE Symposium will reflect on epidemics of emerging and established virus diseases in Africa and rest of the world. This symposium offers you the best opportunity to share research results, exchange latest knowledge and establish contacts with international virology community. The symposium formatted as oral and poster presentations, and keynote lectures delivered by the leaders and subjects experts in the field of virus epidemiology and disease control. Please visit www.iita.org/web/ipve to register and submit abstracts to any of the six technical sessions.

- Plant viruses and climate change
- Ecology and co-evolution
- Vector transmission
- Epidemiology of plant viruses in Africa
- Surveillance, diagnostics and control
- Modeling and forecasting

Selected papers from this symposium will be published in a special issue of 'Virus Research' (Elsevier) and edited book featuring articles on epidemiology will be published by the 'CABI'.

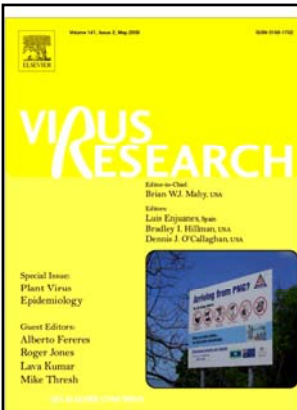

In addition, ICPVE in collaboration with IPM-CRSP and other partners will host a special workshop to foster networking and partnerships for the development of plant virology in sub-Saharan Africa. Participate and share your experiences and also experience African culture, landscapes and natural wonders. Please visit www.iita.org/web/ipve for updated information.

Outline of the Program

Date	Session & Title
Jan 28	I Changing phase of plant virus epidemiology
Jan 28	II Plant viruses and climate change
Jan 29	III Epidemiology and co-evolution of plant viruses
Jan 29	IV Modelling and forecasting
Jan 29	V ICPVE Business meeting (open to all)
Jan 30	VI Field visit
Jan 31	VII Virus transmission and virus-vector interactions
Jan 31	VIII Surveillance and Diagnostics
Feb 01	IX Workshop on networking & partnership for the development of plant virology in sub-Saharan Africa (open to all)

Important dates:

- Registration and abstract submission: **15 April 2012 onwards**
- Last date for abstract submission: **15 November 2012**

Reaching Arusha

By Air: Kilimanjaro International Airport (airport code: JRO; www.kilimanjaroairport.co.tz). Many major airlines, like KLM, Kenya Airways, Precession Airways, Ethiopian, South African, Air France, Lufthansa, Delta, and SAS are flying direct to Kilimanjaro International Airport. Flights are also available between Dar-e-Salaam and Arusha.

A valid passport and Tanzania visa is required (Only us\$ cash is accepted for visa fees at the airport). Many nationals can obtain visa on arrival. Visas can also be procured in your own country from the Embassy of Tanzania. Tanzania enforces **yellow fever** vaccination requirement. Contact your local medical practitioner for advice.

Attractions Around Arusha: Optional Day Trips (Participants pay)

- Cultural centre
- Coffee plantation
- Flower Plantation
- Arusha National Park
- Tarangire National Park
- Lake Manyara National Park
- Ngorongoro Crater
